### APPEARANCE

Sage (Researcher)

When I was young I fell into a small dark hole in the ground. As I hit the ground a small crystal embedded itself in my left hand. The hole sealed behind me and I was trapped underground for 5 days before rescued by goblins. On day 3 I cast my first spell in terror of the darkness, causing my left hand to start glowing. Unfortunately I was untrained and cast a very weak version with such conviction that it is now permanent and damaged my ability to cast spells.

After dying in combat, I made a deal with an entity I believe to be the Immaculate Lady to resurrect me so I can continue my fight against Fel magic. This stripped me of my magical abilities, but granted me a powerful arcane suit of armor

Ever since then I've focused my entire being on learning spells and abilities that can push back the darkness, in one way or another. My focus on fire and constant glowing annoyed those I grew up with, so I left home and adopted my nickname "Firepalm" in place of my surname. Eventually I found a group of giants who valued my skills and were mostly amused by their tiny glowing friend. I lived with them researching fire and light (both magical and mundane) until I heard the call of adventure...
